
OP Financial Group's efficiency-enhancement programme

OP Financial Group decided towards the end of 2012 on an efficiency-enhancement programme, the objective of which was to achieve cost savings of EUR 150 million until the end of 2015.

Based on the actions completed by 31 December 2014, annualised savings reached about EUR 139 million, of which personnel-related costs account for EUR 55 million.
